PROFILE

I am a zealous, multi-talented aspiring data analyst. In search of an opportunity in which I can combine my knack for technical skills with my passion for the outdoors, travel, or music. Excited to work to increase sustainability, accessibility, and efficiency through the beauty of data.

EXPERIENCE

RETAIL SALES SPECIALIST   **| AUG 20 - PRESENT**
REI

- Provided excellent customer service to all of our members and guests that came to the store.
- Worked in a variety of different departments such as frontline, returns, stocking, and curbside pickup.
- Consistently ranked as a top salesperson in membership sales.

EXTERNAL RELATIONS MANAGER   **| JUL 19 - MAR 20**
ADMISSIONS REPRESENTATIVE   **| JUL 18 - MAR 20**
UP WITH PEOPLE

- International experience in 11 countries.
- Public Speaking and Workshop Facilitation for groups of up to 200 people.
- Provided Coaching and Leadership to my staff and interns.
- Assisted in the logistical planning of meals, living situations, and activities for 80 participants at a time over 5-month tours.
- Broke several longstanding admissions records through hard-work and vigor.

SOFTWARE ENGINEERING INTERN   **| MAY 15 - SEP 15 &**
PARKIFI INC.   **| MAY 16 - SEP 16**

- Worked largely to enhance the usability of user interface components using Javascript, Ruby, and PHP.
- Small start-up structure gave me an opportunity to have a hand in everything from soldering circuit boards to project management.

TECH LEAD   **| AUG 17 - JUN 19**
TECH DESK CONSULTANT   **| FEB 15 - AUG 17**
SEATTLE PACIFIC UNIVERSITY LIBRARY

- Troubleshot problems on a wide variety of operating systems and programs.
- Responsible for much of the technology in the library such as printers, cameras, and laptops.
- Researched and implemented an in-house system to fix broken Chromebook screens and keyboards to save costs.
